

Link U.S. Classrooms with Lithuanian Sister Schools via Skype Partnerships

Project Title	Link U.S. Classrooms with Lithuanian Sister Schools via Skype Partnerships
Project Summary	Recruit and orient U.S. teachers to participate in Sister School partnerships with Lithuanian classrooms, providing Lithuanian students an opportunity to practice their English-language skills, learn more about American culture, and engage in conversations about international affairs.
Country	Lithuania
Agency	Department of State
DoS Office	N/A
Post	VILNIUS
Section	PAS
Number of Interns	3

Project Description

The U.S. Embassy is connecting U.S. schools and Lithuanian classrooms via Skype Sister School partnerships. As an intern, you'll help recruit and orient U.S. teachers to the program and work closely with Foreign Service Officers to guide the development of these relationships. You'll draft outlines for teachers with lesson plan recommendations and background information. Such partnerships give Lithuanian students an opportunity to practice their English-language skills, learn more about American culture, and engage in conversations about international affairs. Your work will help develop a powerful new opportunity for virtual public diplomacy and civic engagement. Note: Due to the time difference, schools will need to be recruited from the Eastern Time Zone.

Desired Skills Interests
